| 3051 | 1879 (July 3): India 1½ a. blue postal stationery card up-rated with 1873 ½ a. blue, Die II, tied by the unique usage of the NEPAL / D in bars duplex supplied by the Dinapore (thus 'D') Division Postmaster. Bombay transit (July 10) and London arrival (Aug 2) in red on front of an exceedingly rare usage - the card's message states "A benevolent and economical Govt. has allowed us postcards from the first of this month and I will test the system by sending you the first foreign one used in this house as a continuation to your collection of stamps. An inland one for which we are charged little more than a farthing (¼ d.) at the present rate of exchange shall follow soon in an envelope. For a lady of 60 years old (Queen Victoria), the portrait is flattering. G.". The card written by the Resident in Nepal C. E. R. Girdlestone.
