- 61 1924 (May 5): Cover from Zahle to Amman franked by Grand Liban 1924 2 pi. on Merson 40 c. tied by Zahle despatch cds, shortpaid 1 piastre with old Turkish circular 'T' marking in black at base Taxed on arrival with Jordan September 1923 1 pi. blue tied AMMAN datestamp in blue. Reverse with Damas transit (May 6) and Amman cds in violet (May 10). An extremely rare usage of this issue on letter and very fine.
Note: The Lebanese currency was linked to the French Franc, whose valued declined with the inflation of the Franc. The Jordanian piastre was linked to the more stable Egyptian piastre. Thus although the Jordanian 1 pi. applied here appears correct, it is undoubtedly a 'rounding up' of the amount due, there being only a ½ piastre Postage Due otherwise available, which would have been too small an amount. As taxed at 2 piastres the sum due was probably for a further letter similarly underpaid to the same addressee. Flap missing and envelope a tad ragged at base but a cover of great charm and rarity. Signed Todd AIEP.

610	Orizava 8 r. red-lilac, the stupendous piece with seven superb examples, each with enormous margins all round, forming a 56 reales franking, cancelled by two complete strikes of the boxed & dated ORIZAVA datestamp (Schatzkes fig. 1090) in black (Oct 5). Just 976 of the 8 reales were invoiced to Orizava and this is the largest multiple franking recorded from this District. Some minor bends to the piece of absolutely no importance and not affecting the spectacular appearance of an outstanding and rare piece for the philatelic connoisseur. One of the gems of Mexican classic philately. Cert. Jaretsky (1988).	5	△	3'000	(€ 2'700)
