## 1861, Cancelled Stamps for Rowland Hill's nephew Ormond Hill

On 18 April 1861 Ormond Hill, the nephew of Rowland Hill, wrote to Joshua Butters Bacon the head of Perkins Bacon and Co.:

*"My dear Sir, Two or three of my friends who are collectors of Postage Stamps have asked me to procure for them specimens of new or uncommon stamps whenever I have it in my power. It occurs to me that perhaps you may be able to give me a few ..."*

He added on 24 April:

*"... I should be glad to have six stamps of each kind ..."*

On 15 August J. Upham (for J.B. Bacon) sent the stamps to Pearson Hill with the following letter:

*"Dear Sir, I beg now to send you as promised ... an envelope addressed to Ormond Hill Esq. containing 6 obliterated impressions of each of the stamps named in the list and request you will take two of each for Rowland Hill Esq. and yourself and then seal the package and forward it together with a letter which you will also find addressed to him, to Mr. Ormond Hill."*

It turned out that the supply of the Crown Agents' property was given without authority.

Ormond Hill was not asked to return the „specimens“, and in fact, all were treated as private property. Nevertheless, the case destroyed Perkins Bacon as future printers for the Crown Agents.

From Peter Jaffe in "Cancelled by Perkins Bacon", published for Spink & Son Ltd by James Bendon Ltd. (1998).

1855/63: The complete set of four values with an additional 1 d. deep rose-red (which is possibly the most spectacular example of all the 'Cancelled' Ormond Hill stamps), with 1 d. with tiny part of bar cancel at left, 4 d. deep blue, 6 d. slate-lilac and 1 s. green, the latter three all with bold strikes of the CANCELLED obliterator in black. Minor imperfections but a splendid complete set of which only two, so far, can exist, the second set housed in Her Majesty Queen Elizabeth II's collection. All five stamps here are illustrated in Jaffe on pages 29 and 30. Extremely fine and rare - unique in private hands. Certs. BPA (1960) for 1 d., BPA (1966) for 1 d., 4 d., 6 d. and 1 s.) Gi = £ 96'000.

*Provenance: 1 d. ex Robin Taylor. The set of four, collection Sir Maxwell Joseph, Sothebys, Oct 1982, lot 141 - the 6 d. was not ex the C. Emerson Huston collection as described. Huston's example was illustration no. 2 in Jaffe, also once owned by Dr. Conrad Latto. The set of four, collection Dr. Conrad Latto, Spink, May 1995, lot 2023. The erroneous attribution of the 6 d. values was again repeated.*

- 4250** 'Mafeking Besieged' on Stamps of British Bechuanaland Surcharged 1 s. on 4 d. green & purple-brown, single example tied to 1900 Northern route cover with **original contents from Colonel Baden-Powell**, addressed to "W.L.Thomas, 190 Strand, London", tied by MAFEKING / C.G.H. datestamp (April 4) in black, with manuscript '1/-' notation below in pencil. Reverse with 'Bulawayo / Rhodesia' cds (April 14) and London arrival cds (May 25) in black. The envelope with some restoration and tear closed at base, but with an extraordinary letter and 'scrap' enclosed: "Mafeking 3.4.00. So sorry, dear Mr. Thomas, for not having been able to send you much - but every minute of my time has been taken up with this defence. I have from time to time sent scraps like enclosed but so many of our letters get stopped by the Boers that I fear very few will have reached you. As soon as communications are restored I will send you a few in case they may be of interest. My best remembrances to Mrs. Thomas and all your circle. Yours sinc. R. Baden-Powell" with a small postscript "N.B. The 'Siege' stamp on this envelope may be useful for collectors of stamps". The 'scrap' enclosure is a print of a native boy with a pencil message written by Baden-Powell on reverse: "Siege Games in Mafeking - In the native town one sees the children playing at sieges and bombardments in cunningly-made loop-holed earthworks. Their artillery being whippy sticks which project lumps of clay with great force and precision. From this we evolved the system, which we used with great effect, of throwing dynamite bombs from the end of a long bamboo into the enemy's trenches". Sold with a small Daily Telegraph article from 1984 when the cover was last sold. A truly wonderful evocation of the Siege, a delightful hand-written and signed letter from Robert Baden-Powell and a fine example of a very scarce stamp on cover. A gem.

- 4328 Warren Expedition to Bechuanaland 1885:** Soldier's Letter endorsed at top "From Trooper Learmonth, 1st Mounted Rifles" and counter-signed at lower left by Officer Commanding, franked at concessionary rate by Cape of Good Hope 1 d. carmine-red tied by 'BARKLY / G. W.' cds (Jan 31) in black. The cover, addressed to Capt. Sinclair of the 5th Lancers in Dublin, was readdressed with backstamps of Kimberley (Jan 31), Cape Town (Feb 3), 'H & K Packet' (Feb 26), Dundalk (Feb 26 and March 2) and Jedburgh (March 3) upon eventual arrival. Mail was despatched weekly from the Expedition from the Headquarters in Barkly. Extremely rare.

*Note: In 1879 Charles Warren was Chief Administrator of Griqualand West. On his return to England he was asked by the Admiralty in 1882 to lead a search party to Sinai to discover what had happened to Professor Edward Henry Palmer's archaeological expedition. He discovered that the expedition members had been robbed and murdered, located their remains, and brought their killers to justice for which he knighted upon his return. Due to his Griqualand service he was asked to lead the 1884 'Warren' Expedition into Bechuanaland to assert British sovereignty in the face of encroachments from Germany and the Transvaal, and to suppress the Boer states of Stellaland and Goshen, which were backed by the Transvaal and were stealing land and cattle from the local Tswana tribes. The force of 4,000 British and local troops headed north from Cape Town, accompanied by the first three observation balloons ever used by the British Army in the field. The expedition achieved its aims without bloodshed, and Warren was recalled in September 1885 and was appointed a Knight Grand Cross of the Order of St Michael and St George (GCMG) on 4 October 1885.*

## 1861, Cancelled Stamps for Rowland Hill's nephew Ormond Hill

On 18 April 1861 Ormond Hill, the nephew of Rowland Hill, wrote to Joshua Butters Bacon the head of Perkins Bacon and Co.:

*"My dear Sir, Two or three of my friends who are collectors of Postage Stamps have asked me to procure for them specimens of new or uncommon stamps whenever I have it in my power. It occurs to me that perhaps you may be able to give me a few ..."*

He added on 24 April:

*"... I should be glad to have six stamps of each kind ..."*

On 15 August J. Upham (for J.B. Bacon) sent the stamps to Pearson Hill with the following letter:

*"Dear Sir, I beg now to send you as promised ... an envelope addressed to Ormond Hill Esq. containing 6 obliterated impressions of each of the stamps named in the list and request you will take two of each for Rowland Hill Esq. and yourself and then seal the package and forward it together with a letter which you will also find addressed to him, to Mr. Ormond Hill."*

It turned out that the supply of the Crown Agents' property was given without authority. Ormond Hill was not asked to return the „specimens“, and in fact, all were treated as private property. Nevertheless, the case destroyed Perkins Bacon as future printers for the Crown Agents.

1859/60: 1 d. rose-red, no wmk., perf. 14, a used example of excellent rich colour neatly struck at base with two part strikes of the CANCELLED obliterator in black, leaving most of the Queen's head clear. Slight paper adherence on reverse, otherwise fresh, fine and very rare: the Peter Jaffé handbook shows just three known examples, this being the central stamp of the three, the first example resides in the Collection of Her Majesty Queen Elizabeth II and the third is in the Mann collection housed at the Royal Philatelic Society in London. Thus this example is, to date, the sole example in private hands <sup>Gi</sup> = £ 13'000.

Note: The contents mention that Empandleni is 25 miles to the West. This would place the writer in Umfolozi (now a National Park) which this describer would recommend a visit to. He goes on to state "I was exceedingly vexed and annoyed to find that the guide I gave you deserted you at the Umhlatuze, I at once administered a sound flogging to him, which he richly deserved....The Bishop has been doing wonders in the way of gardening, he brought nearly a wagon load of plants of various sorts and has been making terraces...at Xmas 13 converts were baptised...we have received permission to erect a chapel at Ondini (Cetawayo's Great Kraal) and the Prince has further promised to send his son and the sons of some of his great men to be educated at Kwamagwagu...R. - 4508** 'Commando Brief' (-) black on yellow, Type 1, from upper left corner of the sheet of 20 subjects, a fine used example on 1900 cover to H. A. McQueen of the General Post Office in Bloemfontein endorsed at lower left 'OAS' (On Active Service) cancelled by VOLKSRUST / Z.A.R. datestamp (Feb 9). Reverse with Bloemfontein arrival cds (Feb 13) in black. Central file fold but a very rare usage (only known used between October 20, 1899 and February 22, 1900) of the Military Frank on letter Gi = £ 1'750.

*Note: The accompanying article from the Transvaal Philatelist (August 2001) speculates, from a comment originally raised by the late Kenneth Griffith and a later article by Richard Stroud, that this cover could be an item of 'check' mail - due to complaints made to the authorities about the time mail took to arrive, items were deliberately placed into the Post to see if the service was indeed running smoothly.*

**Typographed by J.F.Borrius in Potchefstroom** 6 d. bright blue on thick wove paper, clear impression, rouletted 15½-16, an unused example attached to an extraordinary autographed letter sheet, **written in German by Friedrich Jeppe**, the Postmaster General of the South African Republic (Transvaal), sent from Pretoria on 7 November 1874 to **Adolph Otto**, on his "FJ" crested notepaper, ordering further stamps to be sent Book Post via Natal (note the illustration of how to address the package on page 3 of the letter, photographed here). The full transcript states: "Dear Mr. Otto, The new 6d. stamps ordered by my Brother-in-Law arrived here in a very damaged state" (issue of October 1874, Gi 42) "Now I request you to do 1'000 sheets of the old plate with the old Eagle exactly as shown on the reverse, to send it to me by Book Post via Natal and not via Cape Town, address it to me as shown below. You misunderstood my last order completely; I did not want any changes in the crest, but exactly as the old crest was. Therefore please be so kind and make for me as soon as possible a new plate from the old and print from it 1'000 sheets; the plates or the sheets exactly the same size of 40 of one plate and to perforate them as previously, i.e. to be cut cut with a wheel or a knife. I need the stamps as quickly as possible and the sending should be carried out in the following way. Put the sheets on top of each other (do not fold them as you did with the last sending) and put between each two sheets a sheet of fine paper so that they do not stick together. If a 1'000 sheets are too heavy for one parcel please pack it in 2, 3 or more.... for the making of the plate, the printing and postage I enclose a Bank of England note A/74 92742 to the value of £st. 5. Should the cost be more then my brother-in-law in Rostock will pay you. I am writing to you direct to save time. I will write to you again soon and send you a large order in one go of large quantities etc. although at the moment I cannot tell you definitely. In great haste, I remain, your obdeient Fred Jeppe". There is then a PS "Do not forget to make the old crest exactly as the old one and the colour as per sample which I am enclosing, the paper can be a little thicker". An extraordinary document of great importance to the Postal History of the Transvaal and Southern Africa.
