1849/2013: Collection, from the first issue on, quite well doted, and for most periods collected in parallel, unused and used, once a set is missing in used, once another set lacks in unused. Many good values already contained, e.g. a good example of the 5 Francs brown from 1878 used with a clean roulette cancel, a nice used 2 Francs 'Helmet' 1919. There are many good semipostals sets in both conditions and also the most of the better issues after WW2 are in place. The unused material is often mounted, the more modern the more likely unmounted. 1541	1854 (April 29): Cover endorsed "Pre Paid", mailed from London at 2 s. rate for a 1¼ ounce letter, originally addressed to "Dr. F. Hastings Baxter, 54th Regiment, St. Vincent Transport No. 18, Malta" and presumably readdressed prior to departure or in Malta (but no backstamp) to "Medical Staff, Varna". An early incoming cover, it appears from the known dates that Dr. Baxter was amongst those sent to essay the potential of Varna and its environs for the major disembarkation of British troops in June 1854. Some sensible restoration but a most unusual cover. (Photo =  319)	✉	200	(€ 210)

Reverse with Chester cds (July 22) in blue, London cds in red and manuscript "Rec'd at Varna Aug 15, 1854". Shadwell; and "I have made enquiries concerning the packet of letters amounting to £1.10s.0d. said to be addressed to Colonel Sullivan. They have never arrived...". Cocks of the Coldstream Guards, Alladyn, near Varna, Turkey", tied by "814" numeral obliterations in black with Truro cds (July 25) and London transit on reverse. Some imperfections to the thin paper entire, but a fresh and fine cover. Note: Cocks's correspondence is housed, on photocopy, in the Army Museum in London. There was no mail from him after 15 July 1854. The Coldstream Guards lost 329 Officers and men to sickness in 1854, a further 100 men were killed in action. (Photo =  319)	17	✉	250	(€ 265)

1854 (Nov 27): Great Britain 1 d. pink postal stationery envelope used with 1854 1 d. red-brown on blued perf. 16, a horizontal pair, to "Major Andrews, 28th Regiment, Commanding British Depot, Varna, Turkey", tied by London numeral obliterations in black. A fine and unusual make up of the 3 d. Soldier's concession rate. Contents: "Mrs. Sayer presents her compliments to the Officer in Command of the Troops at Varna. She begs to inform him that 3 Cases have been shipped from England and forwarded to him at Varna. The cases contain Wearing Apparel of all kinds for the immediate relief of the poor Soldiers, wives and children with the Troops in the East. Mrs. Sayer...will esteem it a great favour if trhe Commanding Officer, will kindly trouble himself to see that the contents of the cases be properly and fairly distributed. The cases leave on the 10th in the "Gladiator" for the Black Sea". It can be seen by the tone of the letter that Mrs. Sayer, like a great many others, had been appalled by stories in the Press of the conditions in Varna. For more on Major (later Lt.-Colonel) Andrews, see the "Athenæum", issue 1514, of 1 Nov 1856 where he writes about the Army's stay in Devna Camp.	17	✉	350	(€ 370)

Manuscript "8/2 80 rap" on face panel. Rare and superb - no other postmarks for Sevli-Sevlievo have been recorded however on the evidence of other towns occupied by the Russians in Northern Bulgaria it is probable a circular datestamp was supplied in December 1877. - 1551** 1877: Soldier's letter sent stampless from Field Post Office No. 9, Bulgaria to St. Petersburg. Struck on reverse with very fine "POLEVOE POCHTOVOE OTDELENIE / 9 (1) 9" in black (Tchilinghirian fig. 61) dated August 28, 1877 (FPO.9 under 1 - HQ) with St. Petersburg arrival (Sept 7) alongside. Possibly rated '26' to pay in manuscript for a double deficiency charge of the 13 kopek pre-War rate. Opening tears as to be expected but a very rare and extremely early usage of the Field Post Office 9 datestamp.

Note: The Russian Armies crossed the Danube into Bulgaria on 15/27 June 1877. By the end of July 1877 the Russians occupied the area of Northern Bulgaria up to the line between Plevna - Shipka Pass - Shumen. The Czar Alexander II established his personal HQ on Bulgarian soil at Byela and later at Gorna-Studena. The presence of the Czar undoubtedly added to the need for better communications between the Front and the Field Post Offices, Headquarters, Moscow and St. Petersburg. The Czar approved a scheme for opening Postal Stations every 15 versts (10 miles) on 28 July 1877.

1583	1920/60ca.: A tragic accumulation. Collection on pages endorsed 'Jugoslavia' but most of the material is Croatia-related, there is also German Occupation of Serbia and Bohemia, a stockbook Croatia and an extra Album Bulgaria. Souvenir sheets, minisheets and full sheets also mostly Croatia. Unfortunately a large part of the material sticks together or sticks to the supports. There is the rare set 'NEZAVISNA DRZAVA HRVATSKA 10. IV. 1941' (stamps stick together) and the set 'Storm Divison' (stamps stick on support) both with certificate Fleck. Things look better with the letters and cards, that are no doubt interesting to explore, quite a lot of postal stationery and again with an emphasis on Croatia.			150	(€ 160)

At the end, airpost with the surcharged sets and S.O. Silesia overprints and also overprints on Austria, few German and Hungarian occupation.			600	(€ 630)

Togo Postgeschichte

Die Sammlung John Mayne

Togo - Geschichte

Ab 1857 gründeten hanseatische Handelsunternehmen Niederlassungen an der Sklavenküste. Eine regelmässige Verbindung zum deutschen Kaiserreich bestand ab 1882 mit Dampfern der Reederei Woermann. 1884 wurde Togo durch einen "Schutzvertrag" zum Deutschen Schutzgebiet erklärt. Die wichtigsten Exportprodukte waren Palmöl, Mais, Kautschuk und Baumwolle, dazu Kakao sowie Kaffee. Elfenbein gehörte Anfangs ebenfalls zu den wichtigen Exportprodukten, zumindest bis fast alle Elefanten abgeschossen worden waren.

Die ersten deutschen Postanstalten wurden 1888 in Klein Popo (ab 1905 Anecho) und 1890 in Lome eröffnet. Zunächst wurden die Briefmarken der Deutschen Reichspost in Togo verwendet, ab 1897 gab es eigene Markenausgaben. Bei Kriegsausbruch am 4. August 1914 verfügte Togo über 16 Postanstalten.

Die erst wenige Monate zuvor eröffnete Grossfunkstation Kamina bekam bei Kriegsbeginn strategische Bedeutung für die Kriegsmarine. Französische Truppen besetzten Teile von Togo am 6. August, die Britischen Truppen landeten in Lome am 12. August. Die wenigen deutschen Schutztruppen zogen sich in das Inland zurück. Am 24. August sprengten die Deutschen die Grossfunkstation Kamina, um sich zwei Tage später, am 26. August, zu ergeben. Die Besetzung des deutschen Schutzgebietes Togo im 1. Weltkrieg war die kürzeste und die am wenigsten blutige Eroberung von allen Kämpfen in Afrika. 1916 wurde Togo zwischen Grossbritannien und Frankreich endgültig aufgeteilt.

Bei dem Rückzug ins Inland hatten die Deutschen die Markenvorräte mit nach Kamina verbracht und vergraben. Nach der Eroberung der Funkstation Kamina entdeckten britische Truppen die etwa 117.000 vergrabenen Briefmarken der kaiserlichen Yacht-Kolonialausgabe. 1915 kam ein weiterer Markensfund in Sansane Mangu hinzu. Die deutschen Briefmarken wurden zwischen den Briten und Franzosen aufgeteilt und in ihren jeweiligen Besetzungsgebieten für den eigenen Postdienst lokal überdruckt. Als im Mai 1915 alle provisorisch überdruckten (deutschen) Markenvorräte aufgebraucht waren, wurden die Briefmarken der Goldküste sowie von Dahomey überdruckt.

Die Sammlung von John Mayne dokumentiert die wechselvolle Geschichte von Togo in der zweiten Hälfte des 19. Jahrhunderts und in der ersten Hälfte des 20. Jahrhunderts. Über mehrere Jahrzehnte hat John Mayne die politische Geschichte von Togo mit Briefmarken, Stempeln der Postämter, Postkarten, Briefen postgeschichtlich gesammelt und dokumentiert. Auch der nach Togo eingehenden Post aus der ganzen Welt galt sein grosses Interesse.

1920	1887 (Juli): KLEIN-POPO, Brief aus der Zeit vor der Eröffnung deutscher Posten in Togo nach Nantes, Frankreich, mit Vermerk: "Voie Anglaise, Stamps not obtainable". Ein Brief der über Hamburg lief und trotz des Vermerks mit deutschem Dampfer befördert wurde und an Bord den Rahmenstempel "AUS WESTAFRIKA" erhielt. Bei Zustellung in Frankreich wurden Portomarken zu 50 Centimes angebracht. Eine kleine Reparatur einer enthusiastischen Öffnung ist ohne Bedeutung. Eine Rarität aus der Frühzeit der Kolonie.	Fr. 1921	1891 (27. Jan.): 1 1/2d. braun Missionars-Ganzsachenkarte aus HO mit entsprechendem handschriftlichen Absendervermerk. Die Karte ist entwertet mit den B27 Entwertungsstempel von Quittah in blau, der Tagesstempel Unterscheidungsbuchstabe "A", vom 7. Feb. ist ebenfalls vorderseitig angebracht. Rückseitig ist die ehemals aufgeklebte Karte dünn, sie repräsentiert jedoch sehr gut. Dazu eine weitere Karte aus LOME mit Britischem Schiff über Accra und einer Karte von der Goldküste alle jeweils über Quittah. (Photo =  407)		✉	350	(€ 370)
1922	1892 (13. Jun.): 1 1/2d. braun Missionars-Ganzsachenkarte aus HO mit entsprechendem handschriftlichen Absendervermerk. Die Karte ist entwertet mit den B27 Entwertungsstempel von Quittah, der Tagesstempel Unterscheidungsbuchstabe "A", vom 21. Jun. ist ebenfalls vorderseitig angebracht. Die Beförderung von Post aus HO gestaltete sich einfacher über Britisches Gebiet und nahm weniger Zeit in Anspruch, daher wurde dieser Laufweg dem Weg nach Klein Popo damals vorgezogen. Die Karte wurde laut handschriftlichem Vermerk "Woermann Linie" mit deutschem Schiff weiterbefördert und erhielt keine weiteren Poststempel. Eine sehr seltene frühe Karte, dazu in exzellenter Erhaltung. (Photo =  407)		✉	400	(€ 420)
1923	1895 (10. Jun.): 1/2d. grün als wertstufengleiche Zusatzfrankatur auf Missionars-Ganzsachenkarte aus HO mit entsprechendem handschriftlichen Absendervermerk. Die Zusatzfrankatur ist leicht fehlerhaft, die Karte etwas knittig, entwertet mit den B27 Entwertungsstempel von Quittah, Tagesstempel Unterscheidungsbuchstabe "c" nebengesetzt, und einem LIVERPOOL BR. PACKET in rot, sowie LUDWIGSBURG Ankunftstempel (25. Jul.). Die Beförderung von Post aus HO gestaltete sich einfacher über Britisches gebiet und nahm weniger Zeit in Anspruch, daher wurde dieser Laufweg dem Weg nach Klein Popo damals vorgezogen. Der Brief ist abgesehen von leichter Patina sehr frisch und trägt ein Verschlussiegel des "Kaiserlich deutschen Kommissars für Togo". Ein Durchgangsstempel LOME (27. - 2216** 1928, "Ile de France" Air Post, 10 f. surcharge on 1 f. 50 c. blue, First Day of Issue used on a Registered First Transatlantic Air and Catapult Flight cover, tied by "NEW YORK AU HAVRE" octagonal dated 23 August 1928, used with non surcharged 'Pasteur', 90 c., vertical pair 'White' 5 c. green, and 'Semeuse', 25 c. pair, with the six-line catapult mail special event cachet handstamp alongside, backflap printed "Compagnie Generale / Transatlantique / French Line", a fine, scarce combination and extremely rare stamp on cover. Octave Roumet, expert mark in black to front.

Remarks: The provisional surcharges were produced to support a new service to deliver Transatlantic mail. The First Transatlantic Air and Catapult service utilised a combination of boat and plane to transport the mail. The mail was placed on board the ship and a plane would take off from the ship at a predetermined point. The new Catapult Mail service could speed up the deliver of post by as much as 24 hours, due to the fact that post bags on board ships could not disembark until after the ship had docked. The "Ile de France" provisionals were produced due to the popularity of the first leg of the voyage. Realizing that the ship would not have sufficient postage on board for the return voyage, the French Consul General in New York commissioned Emile Cabella, a New York printer, to surcharge 3,000 90c and 1,000 1.50fr stamps. News of the stamps reached France before the plane arrived and as a result demand was extremely high. the 10f surcharge on the 1f. 50c. being three times scarcer than the 10f. on 90 c. Very few covers exist, Maury lists used on cover at €13'000.

Philastre arrived in Cochinchina for the first time in 1861. In 1873, he played an important role in mediating between the French colonial authorities in Annam and the royal court in Hué. In 1874, Philastre negotiated the Second Treaty of Saigon with the Annamese court.

Note: An extremely rare usage of the Umberto 30 c. definitive, which was sold to the public only for a short time in few larger offices such as Firenze, Genova, Livorno, Milano, Napoli, Padova, Palermo, Roma and Torino. This cover, however, was despatched nine years later in Modena by the famous philatelist and dealer Emilio Diena and directed to his elder brother Carlo Diena. Carlo was born in Modena in 1850, ten years before his more famous brother, and his activity in the philatelic trade was focussed outside the national borders of Italy. Based on the available information, it is possible to imagine that around 1891 he may have finally left Modena to Nice after the death of his father and the closure of the family banking business. As little biographical information exist about Carlo Diena, his death is reported as having occurred in 1892 in Montecarlo. However, correspondence addressed to him a decade later speaks against this assumption.
