1918-50: Most varied accumulation of about 350 postal items Poland beginning with independence after WW1, real private and commercial mail as well as philatelic material. Unchecked local overprints (mostly on stationery), first issues of Poland, interesting material specially with the stamp issues of the 20s and 30s as well as early years after WW2. Cancellations, censorship, stationery, meter-cancels etc. Also some better stamps on envelope as e.g. 'Warleaders' 1944 full sets 2x on covers etc. Condition is mixed, but an interesting assortment - a close inspection is recommended.	☒	500	(€ 525)
