<i>Bemerkung:</i> Der Brief ist von einem Familienmitglied gerichtet an den preussischen Gesandten beim spanischen Hofe, Georg Graf und Herr von Werthern-Beichlingen (1816-1895). Ab 1864 war Werthern Gesandter in Madrid. In seiner neuen Stellung spielte er, vermutlich auf Weisung Bismarcks, eine wichtige Rolle bei der Anregung zur Kandidatur des Erbprinzen Leopold von Hohenzollern-Sigmaringen für den spanischen Thron, dessen baldige Vakanz schon Jahre vor dem Ausbruch der spanischen Revolution von 1868 abzusehen war. Bereits im Herbst 1866 hatte er ein Gespräch mit Mitgliedern der spanischen Unión Liberal. Diese sprachen von einem baldigen Sturz der Königin und einen möglichen Nachfolger; Werthern sagte ihnen, der geeignetste sei Leopold. | 31 | ✉ | 2'000 | (€ 2'100) |
