The letter is written apparently from a Lighthouse keeper (or someone employed to build a Lighthouse) to his wife explaining that he did not receive her letter and apologises for not being able to send a reply. The late David Parsons and "Staircase" after extensive research both believed this cover to be the sole first issue cover known. A unique cover and a great rarity of worldwide Classic Philately.

- 5890** 1859: 1 peso carmine, three examples with good margins used in combination with 2½ c. green and 5 c. blue, also with good margins, on large judicial wrapper from Pamplona (with four oval framed "PAMPLONA / DEBE" unpaid handstamps), to Bucuramanga, all tied on arrival by oval framed "BUCURAMANGA / FRANCA" handstamps in brownish hue. Reverse with full docketing. Discolouration, occasional worm hole and acid ink faults but the cover represents **one of the most important frankings in Colombian philately**: the sole first issue cover with the 1 peso value, one of just two covers bearing a three colour franking, one of just three covers recorded bearing the 2½ c. and the highest franking recorded of the first issue.
