The Peter Broennimann Collection

All lots have been signed as genuine by the describer and A.I.E.P. expert for Mexico, Greg Todd, Mepsi 2032. All certificates mentioned in the lot descriptions are photocopies of the original Rolf-Dieter Jaretzky, Mepsi and Philatelic Foundation certificates that have unfortunately been lost.

1856: ½ Real

Miguel Hidalgo (1753-1811)
Mexican Catholic priest and a leader of the Mexican War of Independence.
His image was placed on Mexico's first postage stamps.

4001

4001 Die Proof ½ real printed in black on thin greyish paper; the magnificent horizontal strip of five (111 mm. x 36 mm.) showing horizontal guide lines at top, vertical guide lines between each stamp and heavily scored guide lines between first and second and fourth and fifth stamps, minimal aging and diagonal crease of no importance, with large margins all round. A great rarity of Mexican classic philately. Cert. Jaretzky (1985).
Note: An example of this Proof strip are in the Jaretzky collection (Edition D'O's. Vol. II), another was in the Koenig collection (lot 301). As far as one can say, there appears to be but three known examples of this Proof.
