1643	1786 (Oct 3): Cover and complete original contents to 'Son Altesse, Monsieur Le Prince Mauro Cordato, Prince regnant de Moldavie, Jassy' with complete red wax seal on reverse, the letter beautifully written by a secretary in French, signed at base from Vienna by 'Kaunitz' (Wenze Anton, Prince of Kaunitz-Rietberg, 1753-1792), Foreign Minister under Maria Thereas and Joseph II of Austria. (Photo =  291)	✉	200	(€ 185)
1644	1859 (Nov 4): Stampless entire letter prepaid from Jassy to Galatz struck on front with 'Jassy / Moldova' despatch cds (4/11) in red (Kiriak fig. 279) and oval framed FRANCO / JASSY in red - the earliest recorded usage of this marking (Kiriak fig. 311). Reverse with 'Galatz / Moldova' cds of receipt (5/11) in blue. Rare and most probably unique. <i>Note: The 'Franco' markings were released by the Post Office on Monday, November 2, 1859. The reason for their issue was that Postmasters, notably at Berlad, had been using the circular dated types (Kiriak fig. 271-286) to re-use postage stamps by overlaying the circular dated cancels and then pocket the cash difference. This explains why all the 1859 'Franco' markings (Kiriak fig 301-321) were each issued in different formats.</i> (Photo =  291)	✉	250	(€ 230)
1645	1860/61: Stampless entire letters (2) from Galatz to Jassy, both sent prepaid, earlier entire with 'Galatz / Moldova' cds and framed FRANCO / GALATZ in red (Kiriak fig. 277 and 308), the 1861 entire with matching cancellations struck in black. An attractive pair. (Photo =  291)	✉	150	(€ 140)
1646	1862 (May 17): Registered entire letter to Galatz with manuscript denoting insured value 6300 lei, struck with circular 'Berlad / Moldova' cds (17/5), framed FRANCO / BERLAD and straight line RECEPISSE all well struck in blue-green ink (Kiriak fig. 272, 302). Reverse with 'Tekutsch / Moldova' cds of transit. A fresh and fine entire. (Photo =  291)	✉	150	(€ 140)

- 1839** 1864: Cover front endorsed '*via Ostende & England*' addressed to Henry Brincourt, Governor General of the Puebla & Tlaxcala District in Mexico, franked by 1858 24 ö. yellow (2) and 50 ö. carmine-rose (six examples) all cancelled by WARBERG datestamps (28/9) in black and one stamp by oval 'Hamburg' transit (Oct 1). Manuscript '28½' credit in blue and faint 'London / Paid' cds also on the battered front, however it appears the franking of 348 öre is complete (even if nearly all are creased or defective) and the piece is certainly the sole recorded example of Swedish mail to the French Expeditionary Force in Mexico.
