5007	1858 (May 1): 10 c. green, a diagonal bisect, slight fault, used on June 25, 1862 cover from Gualeguaychú to Buenos Aires, tied by bold strike of oval intaglio seal handstamp, attributed by Charles Jewell to a Riverboat handstamp of the "Goleta Minerva". This example is <i>one of just three known strikes</i> : one is on a 5 c. red used on May 2, 1862 cover from Gualeguaychú to BA, another on a famous piece with four wax seals at the edges of the 5 c. adhesive (this ex Corinthila, sale 49, Dec 1960, lot 2612) and this item which is probably the finest of the three strikes; copies of the these two items enclosed with the lot. 5255 5 c. ochre buff and 10 c. blue, fine examples used on onion skin paper cover from Bogotá to Castellanos & Co. in Ambalema tied by oval "BOGOTÁ" pearled handstamp in black. A rare and impressive franking, mailed during the four month period of 'Mosquera' Postal rates. Cert. Moorhouse (2012).

Note: On August 28, 1861 Tomas Cipriano de Mosquera altered the existing Postal Rates by memorandum. He ordered that the internal Colombian rates of April 1846 be re-introduced, namely 10 centavos for an inter-state letter and 15 centavos from one state to another. Just four letters are known during the four month period between August and December 1861, a new organisation and set of tariffs being introduced on January 1, 1862.

5533	1854 (June 11) Entire letter from Rivas to Crown Point, Essex County, New York, carried by hand and mailed unpaid on arrival with "New York / 5 Cts." datestamp (July 12) in black. The contents are splendid concerning the revolution and fighting in Nicaragua, stating that the last stronghold of the Government was in Granada and that the fighting there was desperate. It goes on to state that their chances were slim as the revolutionary Troops entered Rivas unopposed yesterday (June 10) without a gun being fired. An historic entire. <i>Note: The President, Chamorro, held Granada and the revolutionary democratic leader, Castellon, held Leon. Rare. <i>Note: "Star of the West" was a 1,172-ton steamship built by Jeremiah Simonson, of New York City for Cornelius Vanderbilt, and launched on June 17, 1852. She started service between New York and San Juan de Nicaragua on October 20, 1852 and continued the service for Charles Morgan from July 1853 to March 1856. In January 1861, she was chartered to the War Department. On January 9, 1861, weeks after South Carolina declared that it had seceded from the United States, but before other states had done so to form the Confederacy, "Star of the West" arrived at Charleston Harbor to resupply Major Robert Anderson's garrison at Fort Sumter. The ship was fired upon by cadets from the Citadel Academy and was hit three times by what were effectively the first shots of the American Civil War.</i> (Photo =  149)		✉	500	(€ 450)

To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

5689 Thin Figures 80 c. orange-yellow, a fine example with ample to large margins all round showing the extraordinary Plate Flaw "180 CENTESIMOS" for "80" used on cover to Montevideo. The Plate was made from the 180 c. Stone and this error results from an improperly prepared cliché. The adhesive neatly tied by circular 'scarab' handstamp in black leaving the variety clear at top, with circular 'Renta de Correos / Salto' datestamps alongside (Oct 21) in black. An extraordinary cover - the sole known usage of this variety (Error of Colour!) on letter.
