Charged as an unpaid letter from France on arrival in Dover with manuscript '10' due to pay. Envelope endorsed "*From Aladyn, June 17, 1854*" on front. The transcript reports the rumoured move to Silistria and the problems of supply. "*The people fly before the Russians as they advance and the towns and villages are quite deserted....Capt. Simmons reports that 90'000 Russians are before Silistria but the Turks lie with dogged determination behind the ramparts and have repulsed every assault*".
