- 1585** Penny postage envelope, Deraedemaeker reproduction 1900 (March 27): Gilpin envelope to promote the 'Ocean Penny Postage' showing a design by Henry Anelay, this design modified by F. Deraedemaeker decades later with 'DEREADEMAEKER FECIT' notion on the SE corner, the envelope bearing Belgium King Leopold blue (SG 85), tied by "BRUXELLES DEPART" cds and sent to Plymouth, reverse with March 28 arrival cds. F. Deraedemaeker was a Belgium lithographer who created reproductions of several Penny Postage envelopes among others in the 1890s. It appears that he has worked closely with Jean-Baptiste Moens (1833-1908). Several Deraedemaeker reproductions were personally addressed by Moens shortly before his retirement in 1900 including this one. The address in Moens' handwriting gives as the addressee "Monsieur A. Preston Pearce". Albert Preston Pearce (1873-1957) was a bank manager in Plymouth, he specialised in Revenues and researched stamped papers used in France 1673-1791. From 1897 he was a regular contributor to 'Stamps' on revenue topics, in 1900 he became Editor of 'Morley's Philatelic Journal'. (Photo =  317)

- 1688** Embossed 1 s. green, Die 1, the famous and spectacular single example and block of eight (4 x 2), used on 1851 entire letter from the Colonial Office in London to Mexico City carried at 6 times rate (the text refers to enclosures), the single with just clear to large margins all round and the block just shaved at each side on the 'unused' row which was originally folded over the top of the cover and thus remained uncanceled; the remaining five stamps cancelled by London numerals with despatch datestamp (Dec 2) in red displaying well at top. Struck on arrival with "6" (reales) handstruck due marking in red, corresponding exactly with the British rate. The stamps lifted for checking and replaced, one stamp slightly rubbed and the original file fold ironed when opened out for better Exhibit display. Just two examples of this franking exist (the other from the same correspondence, was ex Maximus Part II and Bill Gross, was very similar and is not as fine as this cover) both were originally first sold in September 1960. A magnificent and famous cover, and an outstanding Exhibit item for the connoisseur of the Embossed issue.
