- 2056** 1857: Embossed filigree Ladies envelope addressed to Robert Stephenson in Newcastle on Tyne, struck with fine handstruck "6" in blue, showing three line dated GIBRALTAR / SHIP LETTER (Nov 10, 1857) in same ink on reverse, with London transit cds in red and Newcastle on Tyne arrival (Nov 20) in blue-black. Scarce and most attractive cover.

- 2058** 1857 (Sept 10): Entire letter from Gibraltar to Genova endorsed 'Vapor Tiber', franked by Great Britain 1855 1 d. rose-red, perf. 14, horizontal pair tied by superb strikes of the "G" in bars obliterator (Type Z2), with double arc "Gibraltar" circular datestamp in blue at left (Sept 10). "Via / Di Mare" handstamp in red on front and charge altered in manuscript from "3" decimi to "15 cmi" in black. Reverse with Genova arrival (Sept 13). An important entire - the Great Britain stamps had been authorised for use in Gibraltar on August 19, 1857, with the first shipment arriving on September 3. **This entire is the earliest recorded usage of both the adhesive stamps and the "G" obliterator** in Gibraltar and the earliest recorded usage of British stamps being authorised as "Used Abroad" in a Colony - rather than in a theatre of War. A superb and rare entire.

To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!
