- 2501** 1892: Great Britain 2½ d. postal stationery envelope addressed to Lt. Col. Alta Allah Khan, British Agency, Kabul, endorsed "via Peshawar" cancelled by LUTON squared circle datestamp (March 6) on despatch, the cover stopped in London (red cds March 7) and struck with framed "NOT TRANSMISSIBLE / Requires Stamps of P.O. CABUL / for Postage beyond Indian frontier" in violet. The first issue "1948 OLD COINS" (Gi. 1/9 and D10/14) alone takes up an entire album, containing the unused set with full TAB, as well as a set without TAB both used and unused, varieties and covers including many registered. The 1948 (5709) "New Year" comes with gutter pairs, mint, used and on covers, including a fine "First Day" from "TEL AVIV" to "VIENNA", TABs from right and "left" sheet margin. Later issues are also well represented, including many highly catalogued TABs, eg. the 1952 1000 pr. blue "State Coat of Arms" (Gi. 64a) twice unused with TAB. The condition is generally very good, odd early hinged but even there mainly unmounted. (Photo =  www)		✉ ✉*/**	3'000	(€ 2'760)

Theodor Wille

2651

- 2651** 1843: Bullseye 60 r. black, fine impression, two horizontal pairs with close to large margins, used on reverse of August 1845 cover to Theodoro Wille in Santos at triple maritime rate and endorsed 'p. Paranapitanga' and left uncanceled - possibly being delivered direct to the ship as it embarked from Rio de Janeiro. Some minor soiling and small stain on corner of the fourth stamp mentioned for accuracy only. The Wille correspondence of Bullseye covers (three are recorded in Juchert "Bull's Eyes on Covers") all bear the ship's name and all are from Rio to Santos, mailed between January and August 1845 at single rate (Juchert page 135) with two at triple rate (Juchert pages 144 and 274). A remarkable and most appealing cover. Signed Calves.

2652	1843: Bulls Eye 90 r. grey-black, intermediate impression, a fine example with large margins all round, neatly cancelled double circle "CORREIO GERAL DAS ALAGOAS" (Ayres fig. 1604). Rare Scott = \$ 1'300.				
2653	1861: 280 r. red, a used example with ample to large margins all round, tied to 1864 cover to Paris endorsed ' <i>par le Béarn</i> ' by "Correio da Bahia" cds in black (Feb 28). Red framed 'P.D.' adjacent and fine circular 'BRESIL / BORDEAUX / 2" entry marking in blue (March 21), reverse with Paris arrival of the same day. Addressee's name erased but a scarce usage on this ill-fated ship that was wrecked by a storm on the night of February 27, 1865 when sailing some 47 miles South of Bahia - in a feat of brilliant seamanship the Captain saved the entire crew and contents of the vessel, journeying south for 1'000 miles of coastline. 2654	1876 (June 25): Receipt from Rio de Janeiro to Italy for a registered item sent to Brazil, bearing Dom Pedro 'Black Beard' 1866 10 r. vermillion in a horizontal pair and 50 r. blue, tied by quartered circular handstamp with "RIO DE JANEIRO" despatch cds alongside. 2655	1878/79: Dom Pedro rouletted 10 r. vermillion, five examples used in combination with single 50 r. blue on 1879 cover to Santos tied by six strikes of cork handstamp in black with 'Rio de Janeiro' despatch cds (Nov 26) below. Santos arrival cds (Nov 28) on reverse. The envelope somewhat roughly opened with one stamp at left missing one or two roulettes, otherwise a scarce and attractive usage. 2656	1940/1956: Unused accumulation Brazil consisting of four sets miniature sheets MS 614a/b and MS 635a and 36 complete sheets including Sao Paulo IV centenary Sc. 875/879 and other values from the 1950s. Some significant foxing, others fresh, all never hinged.	68+ 70	✉	250	(€ 230)
2657	1883/1970: Mixed Collection from 1930 mainly unused with a smattering of used, beginning with an unused 60 R "BULL'S EYE", Pedro II well filled and from 1900 only very few gaps, even covering coil and booklet issues missing from most collections. The collection is stored on Portugese pre-printed pages, so may well have been collected in Brazil. Therefore many of the earlier stamps are tropicalised or completely without gum as is the customary way of collecting in the tropics. In addition to the postage stamps there is a small run of rarely seen Telegraph stamps.		*/**	250	(€ 230)

2891	1884: "Rail Bond", a complete form (355 x 430 mm.) for the years 1884-1893, for public funding of President Barrios's scheme for the building of the "Northern Railroad" from Guatemala City to the Caribbean, stamped up with four examples of the unoverprinted 1 peso vermilion each handstamped PAGADO in violet (one stamp missing). The bond plan was for each completed form, the bearer would get 40 pesos worth of shares. However, President Barrios was killed fighting Salvadorean forces at the Battle of Chalchuapa in April 1885 and the project abandoned. The 1 peso was later utilised in 1886 for the surcharged 'Rail Bond' issue. An extraordinary survivor and rare. (Photo =  93)	(26)	✉	350	(€ 320)

File fold well away from the adhesives, cleaned but of exceptional rarity, the companion cover was in Hubbard (lot 96) and Castilejo (lot 1024) which was identically franked and mailed one week before this example. Goodman records five first issue covers with the 1 centavo adhesive, including this example, however a further example has come to light (F-W Lange collection) since the handbook was published; of these six covers just three were used in the 'decimal' period (March 1 1871 until January 26, 1872) prior to Guatemala reverting to their former currency in January 1872 and there are only two recorded 6 centavo internal frankings.
