4483 1895 (July 22): The complete set of ten values used, the ½ d. with fault, otherwise a very fine set with largely clear (and typically heavy in some cases) circular datestamps (Aug 18, Aug 19, Oct 8, 1895 and Feb 21, 1896). A scarce set used Gi = £ 425.

4484

4485

4484 1895 (July 22): 1 c. brown-lake, a used block of fifteen (3 x 5) of rich colour, each cancelled by BRUNEI circular datestamps (Aug 18, 1895) in black, the NE of BRUNEI being heavily inked. One or two negligible bends but a delightful and very rare multiple Gi = £ 240+.

4485 1895: 2 c. black, a used block of nine, neatly cancelled by BRUNEI circular datestamps in black (Aug 19, 1895). Fresh and fine, a scarce and attractive multiple Gi = £ 198+.

- 4486** 1895 (July 22): 10 c. orange-red, a used block of four, marginal from top of sheet, superbly cancelled by BRUNEI datestamps (Feb 21, 1896) in black. A scarce and most attractive multiple Gi = £ 200+.
- 4487** 1895 (July 22): 10 c. orange-red, an unused horizontal pair, corner marginal from upper left corner of the sheet, variety "Imperforate", aging particularly in margin and not affecting the adhesives, large part og. A very scarce positional pair from the one sheet issued Gi = £ 3'000.

4488

- 4488** 1895: Cover bearing the complete first issue from ½ c. to 50 c., used to Labuan, all neatly cancelled by BRUNEI circular datestamps in black (Aug 19), the 25 c. turquoise somewhat heavily cancelled. Nearly all first issue Brunei covers are addressed to F.R. Parker in Tottenham, London via Labuan, thus this cover whilst also philatelic, is of considerable scarcity: just three covers are recorded addressed to Boyd and, as a local cover, did not require Labuan adhesives Gi = £ 330 off cover.
- Note: W.W. Boyd was the secretary of the Labuan Water Company Ltd. and also Postmaster in Labuan. It should be noted that only four Brunei first issue covers are recorded with single frankings.*

4489

- 4489** 1895: 2 c. black, 3 c. blue and 5 c. green all used on 1895 'Parker' registered cover to London via Labuan, tied by BRUNEI circular datestamps (July 22), curved REGISTERED in black and 1894 Labuan 18 c. black & olive-brown (Gi 71) applied for onward transmission tied by "Labuan" cds (July 25). Oval London registered arrival in red (Aug 25) and Tottenham cds in red on reverse of a fine cover.

- 4490** 1895 (July 22): The collection of complete sheets (16) of fifty (10 x 5) of the First Local Issue with block of 26 of the 50 c. but sadly no sheet of the rare 25 c., with ½ c. brown (State I and State II), 1 c. brown-lake in a deep shade and a pale delicate pink shade; 2 c. black in pale, medium and dark shades; 3 c. blue in pale, medium and dark shades; 5 c. deep blue-green (2), 8 c. plum in pale and deep printing, 10 c. orange-red, 50 c. olive in block of 26 stamps from lower left corner of the sheet and \$ 1 olive-yellow in a complete sheet; generally fresh and fine, a superb and rare study Gi = £ 7325.

Note: The surcharge was made from a Setting of 50 in two operations, one sheet had a misplacement of the Plate resulting in the fifth row receiving a second surcharge and the tenth row receiving none. The "L" flaw was probably the result of an extraneous piece of metal on the Plate.
