Ormond Hill

On 18 April 1861 Ormond Hill, the nephew of Rowland Hill, wrote to Joshua Butters Bacon the head of Perkins Bacon and Co.:

"My dear Sir, Two or three of my friends who are collectors of Postage Stamps have asked me to procure for them specimens of new or uncommon stamps whenever I have it in my power. It occurs to me that perhaps you may be able to give me a few ..."

He added on 24 April:

"... I should be glad to have six stamps of each kind ..."

On 15 August J. Upham (for J.B. Bacon) sent the stamps to Pearson Hill with the following letter:

"Dear Sir, I beg now to send you as promised ... an envelope addressed to Ormond Hill Esq. containing 6 obliterated impressions of each of the stamps named in the list and request you will take two of each for Rowland Hill Esq. and yourself and then seal the package and forward it together with a letter which you will also find addressed to him, to Mr. Ormond Hill."

It turned out that the supply of the Crown Agents' property was given without authority.

Ormond Hill was not asked to return the „specimens“, and in fact, all were treated as private property. Nevertheless, the case destroyed Perkins Bacon as future printers for the Crown Agents.

From Peter Jaffe in "Cancelled by Perkins Bacon", published for Spink & Son Ltd by James Bendon Ltd. (1998).

Circular "PAID / LIVERPOOL / US PACKET" in red (June 21), reverse with Gosport arrival cds of the following day. The envelope with closed tear but of enormous rarity.

Note: The contents are written by a Major William Tyler Stuart writing home to his wife, largely concerning the Major's stomach complaints which appear to have worsened as he was to die in Bermuda aged just 43 later in the year. He states that he has sent home £37 and wishes his wife to purchase something nice for their Wedding Anniversary on June 4. Besides the long letter, the lot also contains a Military Commission appointing him as Adjutant with the 36th Regiment of Foot.

3410 1934: Kaieteur Falls 4 c. slate violet, a used vertical pair, variety "Imperforate Horizontally" with clear margins at top and at base where the stamps have been separated manually, of excellent fresh colour and lightly cancelled by 'Air Mail GPO / British Guiana' datestamp (April 18, 1937) in black. Extremely rare. Cert. Brandon (1996) Gi = £ 23'000.

Note: The Dale-Lichtenstein collection contained two blocks of four and a marginal pair of this variety (lots 634-636). In the sale catalogue, Sidney Barrett of the Economist Stamp Co. stated that, from the original sheet of 60, 42 examples were sold as singles and the remaining eighteen from the three left hand rows were saved - this leaves nine pairs of which Dale-Lichtenstein owned five. Townsend & Howe (pages 148 and 149) differ somewhat in their opinion but the figures remain approximately the same: 26 or 30 stamps were sold with 8 or 12 sold to a local clergyman who complained that he had to separate the stamps. This pair presumably sold over the counter as separated by hand prior to the error being noticed and the remainder of the sheet being sold. Photocopies of the two articles are attached with the lot.

3525 Provisional "1D" on 5 s. salmon & green, handstamped at Georgetown, a used example, correctly franking a 1907 postcard (Sheddon Road, Georgetown) to Grand Turk, Turks Islands, tied by "George Town / Grand Cayman" cds (Nov 29) in black. 'Kingston / Jamaica' transit adjacent (Dec 7) and 'Turks Islands' arrival cds 10 Jan, 1908). The card is written by George Hirst, Cayman Islands Commissioner with a Christmas message for H.H. Hutchings who was to succeed Mr. Hirst in 1912 as Acting Commissioner. Superb and extremely rare with just two postcard usages recorded bearing this adhesive.

Roughly opened at top which is strange as Bright was a stamp dealer, and slight edge wear to envelope; reverse with 'Kingston / Jamaica' transit cds (Dec 17) and London arrival (1 Jan, 1908). Reverse also shows manuscript of former owner 'R.E.R. Dalwick'. File fold away from the fine adhesive, a very rare cover. Cert. RPSL (1978).

Ormond Hill

On 18 April 1861 Ormond Hill, the nephew of Rowland Hill, wrote to Joshua Butters Bacon the head of Perkins Bacon and Co.:

"My dear Sir, Two or three of my friends who are collectors of Postage Stamps have asked me to procure for them specimens of new or uncommon stamps whenever I have it in my power. It occurs to me that perhaps you may be able to give me a few ..."

He added on 24 April:

"... I should be glad to have six stamps of each kind ..."

On 15 August J. Upham (for J.B. Bacon) sent the stamps to Pearson Hill with the following letter:

"Dear Sir, I beg now to send you as promised ... an envelope addressed to Ormond Hill Esq. containing 6 obliterated impressions of each of the stamps named in the list and request you will take two of each for Rowland Hill Esq. and yourself and then seal the package and forward it together with a letter which you will also find addressed to him, to Mr. Ormond Hill."

It turned out that the supply of the Crown Agents' property was given without authority.

Ormond Hill was not asked to return the „specimens“, and in fact, all were treated as private property. Nevertheless, the case destroyed Perkins Bacon as future printers for the Crown Agents.

From Peter Jaffe in "Cancelled by Perkins Bacon", published for Spink & Son Ltd by James Bendon Ltd. (1998).

4002 1847 (April 16): Lady McLeod (5 c.) blue, a used example in a resonant deep shade with huge margins all round for this stamp, cancelled by manuscript pen cross. Stamp #U28 in the census, illustrated in "Trinidad, A Philatelic History" on page 256. Absolutely faultless and superb, a wonderful example of this iconic stamp Gi = £ 12'000.

Note: This is the first stamp issued to prepay postage in the British Commonwealth and, except for the printing process (evidently by lithography from an original engraving) is it exactly the same size and format as the 1840 1 d. black.

Note: It is possible that 500, maybe 1'000 examples were printed. At the present time students of the issue have recorded 90 stamps in varying condition either on or off cover.
