## DDSG in Bulgaria

3031	1844 (Sept 8): Entire letter from Varna to Constantinople struck with wreathed double circle "P.P. / VARNA" handstamp in oily black (not in Tchilinghirian). An exceptional strike of this extremely scarce handstamp on cover from the well-known Zafiropulo correspondence, lightest horizontal file fold not distracting at all from the appealing appearance of this entire letter, in addition an elusive usage. Sold tel quel, cert. Goller (2021). <i>Note: Tchilinghirian &amp; Stephens do not even mention this handstamp in part VII of their monography issued in 1967. There are only two covers known with a strike of this handstamp, both despatched in 1844. Aside the present entire another cover was sold the last time when the collection of Franz See was offered in May 1979 (Corinthia sale 62, lot 2571). In the describer's eye both strikes look at least unusual as the wreath which decorates in many Austrian handstamps the lower part of the handstamp is in this case placed upside down in the upper part. The name VARNA seems to be introduced in manuscript, covering parts of the wreath. Also parts of the inner circle and the PP are enforced with ink. This cancellation is an enigma and offered tel quel.</i> <i>Provenance: Collection Cihangir, Corinthia sale 121 (May 2000), lot 1789</i> <i>Collection Arsman, DF sale (May 2005), lot 20166.</i> (Photo =  19)		✉	500	(€ 515)

- 3040 1867 10 kr. green, Type I, a used example, on March 1870 entire letter from Galatz to Braila tied by **Trip Number 4 boxed handstamp** "4-VI 3. Reise" struck in blue (Tchilinghirian fig. 326). A scarce cancellation of particularly fine quality.  
*Note: The 'Reise' Trip Number datestamps may have been used on the boats 'Giurgevo' and 'Sulina'. This was a shuttle service from Romanian grain loading ports on the lower Danube. Whilst the handstamps are found on D.D.S.G. covers, largely during 1870, they were in use on the Parcel stamps for a few more years, probably until 1875. It is speculated that they were designed to handle packages through Customs / Border Control, as five towns named on the Parcel stamps are on national borders.*

- 3075 1863 (Nov 23): Cover from Kiel to Amsterdam, bearing 1854 Skilling 2 s. blue, 8 s. green & 16 s. grey-violet in combination with 1863 rouletted 4 s. brown, four fine and fresh examples with good to large margins all round (two adhesives with marginal pre-use cuts), tied by indistinct '170' numeral of the Holsteinische Eisenbahn Postbureau in black (Facit = 2'500 skr.), a matching but indistinct despatch cds and a framed FRANCO handstamp alongside. Reverse with Danish "K.D.O.P.A. HAMBURG" (Nov 23), oval HAMBURG (Nov 23) transit datestamps as well as AMSTERDAM arrival (Nov 24) cds in red. The weiterfranko of '5' (silbergroschen) was noted in red crayon on obverse including three sgr. for the GAPU and two sgr. for the Netherlands which were noted as '10' cents in manuscript on reverse. An item full of postal history coming from Holstein from the Holst correspondence, the franking paying correctly the 30 s. rate to the second rayon of the Netherlands, only about 20 covers to that destination with the skilling issue are known in the Facit catalogue. Lightest horizontal file fold well away from this attractive four colour franking just mentioned for accuracy. Cert. S. Kaiser (1981) Facit 3+5+6+9.

Upon arrival in Alexandria, a transit cds of the British P.O. (May 16) was struck on the reverse and the cover was forwarded to the Italian P.O., where a pair of Italian Levant Torino printing with ESTERO ovpt 40 c. carmine (Sassone 7a) was added to the front which was tied by indistinct '234' numeral obliterator in black, "ALESSANDRIA D'EGITTO / POSTE ITALIANE 16 MAG. 75" cds at right. Reverse with FIRENZE (May 21) arrival cds and distribution cachets. A most interesting, attractive and rare combination franking of British and Italian adhesives in their respective offices abroad, where each stamp was necessary to pay the journey from Beyrouth to Alexandria and from Alexandria onwards, respectively. A gem, cert. E. Diena (1985) Zanaria & colleagues 0,80 A = € 19'000. Note: Between October 1873 and September 1875, a total of 18 covers is known despatched at the British P.O. in Beyrouth and franked at the Italian and French P.O.'s with the respective adhesives for the onward journey to Western Europe. The administrative basis of this combination franking, even after the foundation of the GPU, is not clear. Reference: These combination frankings are described in Zanaria & colleagues on pages 274-277.
